FIFTEEN CENTS

ANTIOCH HIGH SCHOOL'S principal, of course, is Arthur E. Blecke (left), but on Thursday, Mar. 31, the role will be played by a student, Tom Banwart (seated). It will be part of the experience to be enjoyed during "student-teacher turn-around day." Another photo on page 2.

Lorenz's restaurant sold to Bob Koester

Lorenz's Smart Country House has been sold to Bob Koester.

The restaurant, to be called "Country House," located at Rt. 173 and Tiffany Rd., will open under the new ownership next Wednesday, Mar. 16. The current owner is Gertrude Lorenz; her son Ray and his wife, Pat, assisted in management.

KOESTER HAS BEEN a northern Illinois resident for 27 years. He and his family have been in the restaurant business for many years. Area residents may know him as the former owner of the L&R Pet Shop near Loon Lake.

Country House will be open every day, featuring 31 luncheon and 40 dinner selections.

JOE Halverson, with 14 years' experience as a chef in Lake County, plans a Saint Patrick's Day party

Mar. 17. A corned beef brisket and cabbage special will highlight the evening's menu.

The restaurant will accommodate private parties from 10 to 300 people.

THE RESTAURANT will be closed next Monday and Tuesday for remodeling.

Sole broker on the transaction was L.W. Feightner Land Co., 800 N. Main St., Antioch.

Sign law changes get final okay: vote, 4-2

By BETSY ROSSEN

The drama that began last fall has ended... probably.

Amendments to Antioch's sign ordinance were given final village board approval Monday night. The zoning board of appeals conducted a public hearing last Thursday and recommended approval, 4-0. (Absent were James Fields and Frank Kuechenmeister).

THE TRUSTEES were not unanimous in their decision, however. Bill Seemann and Irv. Walsh remained opposed, firm in the opinion they took when talk of granting a variance to McDonald's restaurant first began.

Primary of the amendments is the frontage required for a free-standing sign. The old requirement was 300 feet; now 150 feet are needed. The issue of amending the ordinance, passed last August, was raised with McDonald's request for a 24-foot sign on 189 feet of frontage.

NU-LITE SIGN CO. representative John O'Hara of Antioch asked the zoning board, "You have set a precedent -- what about the next business asking for a non-conforming sign?"

TAXI FARE SUBSIDIES for residents 65 and older were not discussed but a special committee, composed of trustees Seemann, Judy Phillips and Arnold Weber, was appointed by Mayor Robert Wilton to work on the project discussed at last week's committee meetings. They are to report at the Mar. 21 board meeting.

Officials hope to use federal revenue sharing funds for the fares. A public hearing has been set for 7:30 p.m., Monday, Mar. 28, on several proposed uses of the funds totalling \$52,347.

IN OTHER ACTION, trustees voted to have the U.S. Dept. of Commerce conduct a census in June. Estimated cost to the village is \$2,275.

Crash victim in good condition

An Antioch man, Vernon Leipzig, 36, was reported in good condition Tuesday at St. Therese Hospital in Waukegan.

Leipzig was injured in a two-car, head-on auto crash last Thursday night on State Line Road, just east of Lewis Ave.

The driver of the other car, David Chodera, 24, of Wadsworth, was killed. Leipzig, of 22 N. Bridgewood Drive, was taken to the hospital in fair condition, but nurses said he has improved.

Sheriff's deputies said their investigation showed the two cars crashed head-on in the eastbound lane.

Leipzig reported he was eastbound when the Chodera car came at him in his lane and he was unable to avoid the collision.

Deputies said witnesses reported having been passed by the Chodera car which was westbound at a high rate of speed. There were, however, no eye witnesses to the accident, deputies said.

THE JAZZ ENSEMBLE of Antioch High School is ready for its musical variety show, "Showboat 77," which will be presented this Friday and Saturday nights at 7:30, at the high school. (Story inside.)

Monetary awards for 4-Hers

Jean Johnson, president of the Lake County Homemakers Extension Association, has announced the annual offering of three Helen Johnson Volk scholarships.

One \$1,000 scholarship and one \$500 will be awarded to a freshman boy or girl who has been a 4-H member for at least three years between the ages of 9-19 and-or whose mother is currently a member of the extension association. The purpose of this scholarship is to encourage young people to continue into higher education.

The third scholarship of \$1,000 is for a student who has completed his or her freshman and sophomore years of college and is majoring in home economics or a related field. Graduate students are also eligible for this scholarship.

ALL APPLICANTS must be residents of Lake County and rank in the upper half of their high school graduating class. Selection will be based on scores of the College Board exams and-or other standardized tests and faculty recommendations.

Deadline for applications is May 1. For further information and to obtain application forms, contact the co-operative extension office at 223-8627 or write to Homemakers Extension Association, 310 N. Highway 45, Grayslake, IL 60030.

PLANS ARE BEING MADE at Antioch High School for Thursday, Mar. 31, which will be "student-teacher turn-around day." Teacher Frances Waible, center, discusses the role of acting teachers, two of whom will be Laura Miller (left) and Jenny Beese (right). Behind them is Dave Monke, student council advisor who is promoting the special day.

The Town Crier

One of Antioch's most popular restaurants, The Vault, is being sold.

Taso and Dino Marvelas are planning to turn their business over to another pair of brothers, George and James Roupas, about June 1.

George and James are the nephews of Pete Katris, who owns the Grand Plaza restaurant in Waukegan.

"They're hard workers, just like Taso and Dino," said Pete.

In their more than three years here, Taso and Dino have made The Vault an extremely pleasant place to eat. The atmosphere and the food have always been excellent.

Taso said that he and Dino plan to take a rest

(well-deserved) and then perhaps open another business in the-Antioch area.

THE LAKE CATHERINE Yacht Club plans a "launching and shakedown" inspection meeting at 8 o'clock Saturday night.

The very exclusive club doesn't just toss around names. All we received in their press release were initials, such as Commodore C.H. and Scribe D.M. By the way, the invocation will be given at 8:05 p.m. by Chaplain F.M. (Could that be Father Melcher?)

The club's 1977 boat flags and jackets will be issued by the bursar, but only after past and present dues are paid in full.

After the meeting, the fun really begins ... a social hour is planned and it might just last longer than an hour.

New members are welcome. To find the meeting site, go west on Rt. 173, one and a quarter miles west of Antioch, turn right, park and follow the gang. And good luck!

VIP dinner dance Mar. 19

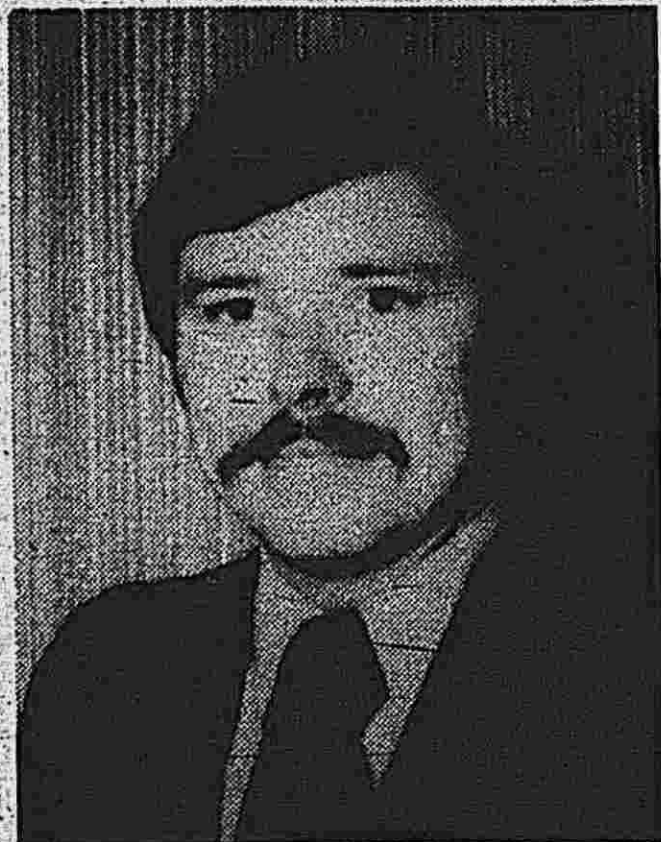

By BETTY HOPE

The VIP Dinner Dance Committee, under the leadership of Fr. Robert Melcher, Ted Burbridge and Ted Sokulski, is hard at work getting ready for the Saturday, Mar. 19 gala affair honoring Hank and Ricky Apostol.

KAY WELLS has her menu planned and will soon begin the many days of work that go into preparing the culinary delights included in that menu. Along with a varied selection of appetizers and salads, "the queen of St. Peter's kitchen" will offer a choice of roast round of beef, ham, swedish meat balls, and turkey chow mein, accompanied by whipped potatoes and a choice of two vegetables. Cherry nut crunch will delight your sweet tooth for dessert.

Pat Shaffer, first grade teacher at St. Peter's school, has taken charge of the decorations this year. The theme Pat has chosen is "the Mission of San Juan Capistrano," as Mar. 19 is the traditional date the swallows return to the mission, heralding the approach of spring.

Scenes of the mission are being recreated, complete with swallows, stained glass windows, and possibly even the fountain in the courtyard. From all indications, St. Peter's Social Center will be transformed into a lovely springtime mission garden.

NATIONAL BANKING SCHOOL GRADUATE -

William H. Groeninger, assistant cashier with the State Bank of Antioch, graduated from the 1977 National Installment Credit School sponsored by the Installment Lending Division of the American Bankers Association (ABA).

Groeninger was one of 250 bank officers to graduate from the two-week, resident session at the University of Oklahoma. The school

utilized lectures, case-work and seminar discussions to educate new and experienced bank employees in consumer lending. The faculty comprised banking officials, businessmen, attorneys, government officials and academicians.

ABA statistics show that bank installment lending departments currently are providing more than \$80 billion of the total \$163 billion outstanding in individual consumer credit.

Editorial

American liberals are at it again -- urging more government and bigger social programs. Incredible as it seems, they are actually trying to convince themselves that the American people want more spending and higher taxes. They ignore the storm of anti-Washington sentiment that is pouring in on the nation's capital from every direction in the country. They are denying the polls that say an overwhelming majority believe it is time to cut back on government spending in all areas. They turn a deaf ear to pleas from small business for a reduction of the regulations and red tape that are slowly strangling the free enterprise system.

THE ATTITUDE OF THESE hard-core liberals stems from a reflex action rooted in the philosophy of 40 years ago. It is a reaction which says all problems have but one solution: great gobs of federal spending at the taxpayer's expense. Senators Edward Kennedy (D-Mass.) and Hubert H. Humphrey (D-Minn.) argue for bigger government and more spending.

HOWEVER, HUMPHREY IS COMING as close as the liberals have ever come to admitting that their solutions for America's problems are beginning to disgust the American people. Even so, his colleagues are urging a vast expansion of federal activity in three main areas: as a guarantor of jobs to reduce unemployment; in setting up a national health insurance, and for increasing aid to the cities. It is time for the American people to recognize that the hard-core liberals in this country are not about to give up their old philosophy of spend-and-tax which has helped them win so many elections.

the Pfarr Corner

By JERRY PFARR

I was one of the lucky 43 callers who talked to President Carter on the telephone last Saturday. I know the newspapers reported that only 42 got through, but they had no way of knowing that I also made it ... by a remarkable stroke of luck. It's about as difficult getting through to the President on the phone as it is reaching Wally Phillips without getting a busy signal.

FIRST, OF COURSE, I dialed the magic number: 242-1611. "Louie's Saloon!" yelled the guy who picked up the phone. "Oh, I'm sorry," I told Louie. "I was trying to call the President." "You goofed, pal," this is Louie's Saloon in Cicero. You must have forgotten to dial the special 900 area code. "Of course, that's where I made my mistake. Please forgive me." "Forget it, pal. This has been happening to me all day. I'm 242-1611 in Cicero, but you got to dial 900 first to get to the White House. By the way, wanna buy a pizza? We got the best pizza in Cicero."

"Do you deliver in Antioch?" Louie hung up, so I tried again. "HELLO," SAID SOMEBODY. "Is this Walter Cronkite?" I asked. "I want to talk to President Carter." "I'm sorry, but this is Amy. I'm 9" she said, and I realized it wasn't really Walter Cronkite, just a little girl who happened to sound like him. "You must have dialed wrong," she said. "This isn't my Daddy's Oval Office. This is the children's phone."

It was then that I realized I had dialed 900-242-1612 instead of 900-242-1611. (Well, you would be nervous, too, trying to call the White House.) "Amy, I asked, "Would you call your Daddy to the phone?" "Sure," she said. "Daddy, it's for you!" She waited a moment and said: "I'm sorry you'll have to wait a bit. He's talking to Pete Belloni of Denver on the other line. I'll just leave the phone off the hook until he gets here. Excuse me, but I want to finish reading "Peanuts".

FINALLY, A MAN picked up the phone and said: "Hi, y'all, this is Billy Carter, I'm one of the good ol' boys." I heard him pop the snap-top off a can of Pabst

Blue Ribbon. "Billy," I said. "I wanted to talk to your brother, Jimmy." "You one of them Yankee muthers?" he asked me. "Well, yes, but I understand 9 1/2 million Americans are trying to call the President today and I'm one of the lucky ones who got through." "That makes you a good ol' boy," said Billy. "Just a second, I'll call Jimmy. He ain't doin' nothin' important. Just tellin' people he's goin' to keep all his promises. Hey, Jimmy!" I heard Billy pop open another can of Pabst.

THE NEXT VOICE I heard said: "Hello, this is your President. I have a new grandson named James Earl Carter IV. I assure you I won't raise the federal gasoline tax by 25 cents. I'm sitting here in a casual sweater, sipping hot tea, and I can explain all those things I said in the Playboy magazine interview. No matter what my old Georgia adversaries say, I do not make flippant statements. Would you like to hear me expound on strategic arms limitation?" "Well, thank you anyway, Mr. President, but really ... all I wanted to ask you was, how can I get through to Wally Phillips?"

The Soviets and Rhodesia

By RONALD REAGAN

"Majority rule" has a somfortable sound to it, at least to American (and British) ears.

The mind's eye pictures solemn, earnest debate in Congress or the House of Commons among men and women freely elected by their peers.

A good idea for Rhodesia, too, we think to ourselves. The blacks outnumber the whites 10-to-1 and have a right to have their voices heard. One man, one vote.

NOT EVERYONE SEES IT that way. The Soviet Union's view of "majority rule" is a majority of one. In this case, the Marxist client-state Rhodesia run by one or another of the potential puppets now running the guerilla attacks.

The USSR would be comfortable with another Angola or Mozambique, making it possible to control Rhodesia's natural resources and making it easier to ultimately dominate South Africa and thus the sea lanes between two great oceans.

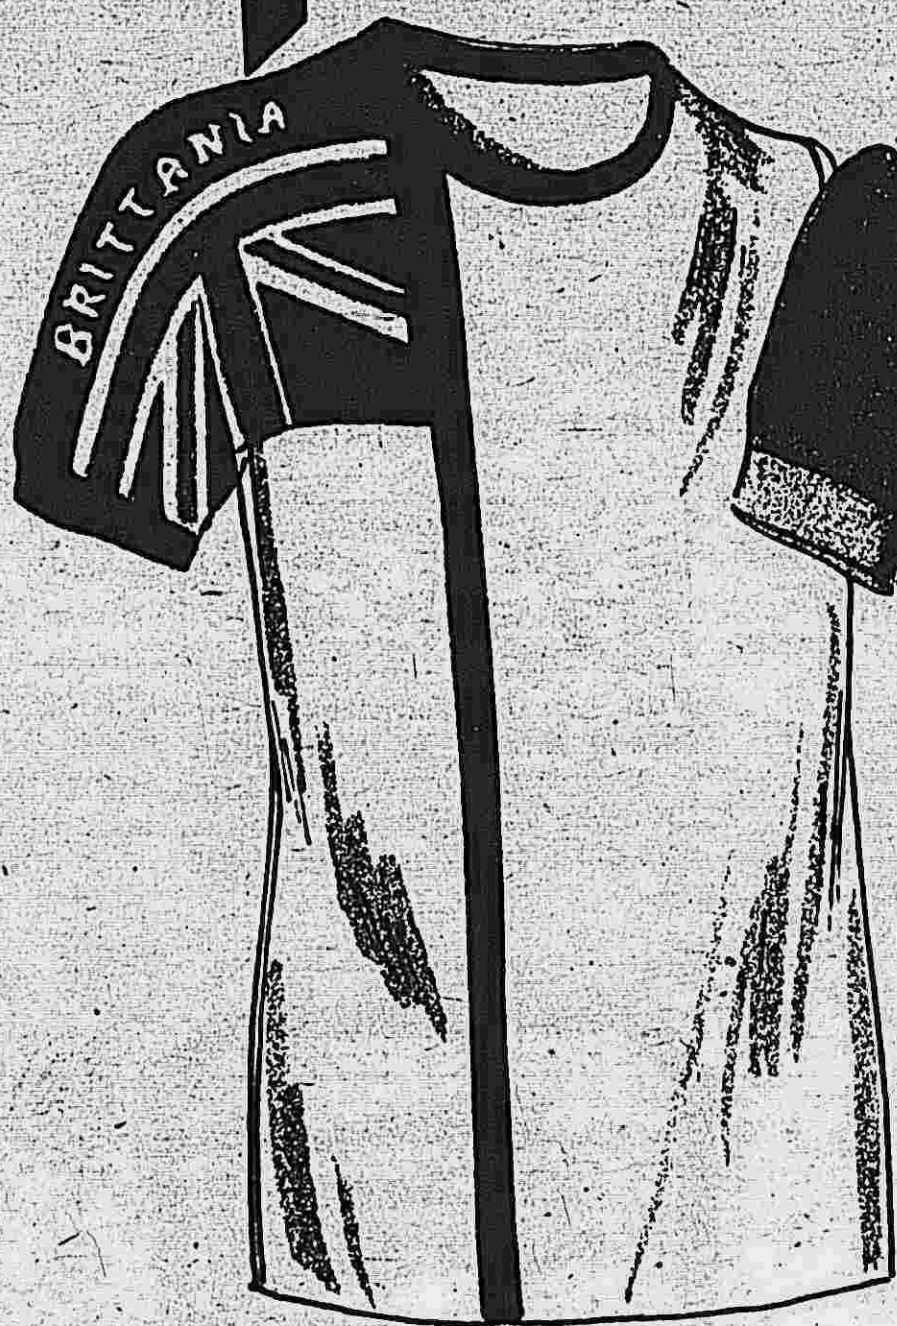

To the noisiest of the Rhodesian black nationalists - from those alphabet soup organizations, ZANU and ZAPU - "Majority rule" seems to be synonymous with personal power, or clique power or tribal power. It is instant power they are looking for, too, and this explains their high voltage rejections of any and all conciliatory moves by the Ian Smith government.

IVOR RICHARDS, THE BRITON who chaired the Geneva talks and who shuttles back and forth between the nationalists and Smith, seems to see "majority rule" as a one-way ticket to high office

An unidentified company wants to build a factory in Antioch if it can get land from the village in the industrial area east of the Soo Line tracks. Plans for Antioch's Diamond Jubilee celebration progressed at a meeting in the Rescue Squad building last Monday night. Frank Kuechenmeister and Vern Barnstable, representing the fire department, said that organization would sponsor a free street dance on Saturday, Aug. 5. Anyone having plans to report or questions to be asked should contact Marilyn Sterbenz, secretary of the Jubilee committee, at the village hall.

The Antioch varsity wrestling squad completed their season recently and one member of the team, Wilford Wells, went to Champaign for the state finals. Newcomers and all others interested in citizen's band communications are invited to attend, and may bring questions pertaining to "C.B."

The discussion will include effective range, type of equipment and various uses of equipment.

Insulate before re-siding

By GENE GARY
Copley News Service

Q. We plan to use mineral fiber shingles in re-siding an old house. We also would like to insulate the walls at the same time. Is there an easy and inexpensive way to accomplish this? — M. J. P.

A. Yes, and the perfect time to insulate is when you re-side the house. Many old houses were built before thermal insulation for walls became standard practice. To insulate the walls of an old house, simply install the mineral fiber shingles under-coursed with insulating backer boards. The backer boards are available pre-cut at building supply dealers. This procedure will also give the shingles a heavier shadow line.

Load limit in effect to protect streets

A truck load limit of five tons per axle has been placed on Antioch subdivision streets by Walter Shepard, superintendent of public works.

"It's to prevent breakup until the frost is out of the ground and the pavement is solid again," said Shepard.

Areas such as Oakwood Knolls, Sequoit Terrace and Village Green, as well as the older parts of town, will be affected, he said.

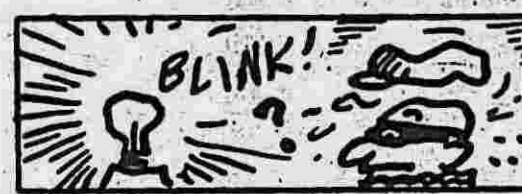

"Because we had so much frost this year, we feel it's necessary," said Shepard.

Antioch police will enforce it and Shepard said he hopes contractors will comply with the load limit.

It should be in effect for about four or six weeks, when the pavement quits pumping water from its cracks, he said.

ABC's of Travel

By BARB CORBIN

SAVE MONEY? - I'm sure you know how helpful American travel agents can be, and at no cost to you. But few people ever think to take advantage of the assistance offered by travel agents in other countries.

Suppose while you are abroad you decide to make a change in your itinerary, or perhaps to extend your vacation for a day or two. Naturally they are thoroughly familiar with their own country and can be extremely helpful.

Furthermore, since many foreign tourists are budget travelers, agents in other countries are accustomed to arranging bargain trips. Never ask at hotels if you can find a travel agent office

around. They're familiar with money-saving excursions, low-cost rail and bus tickets, and special offers of all kinds available to tourists.

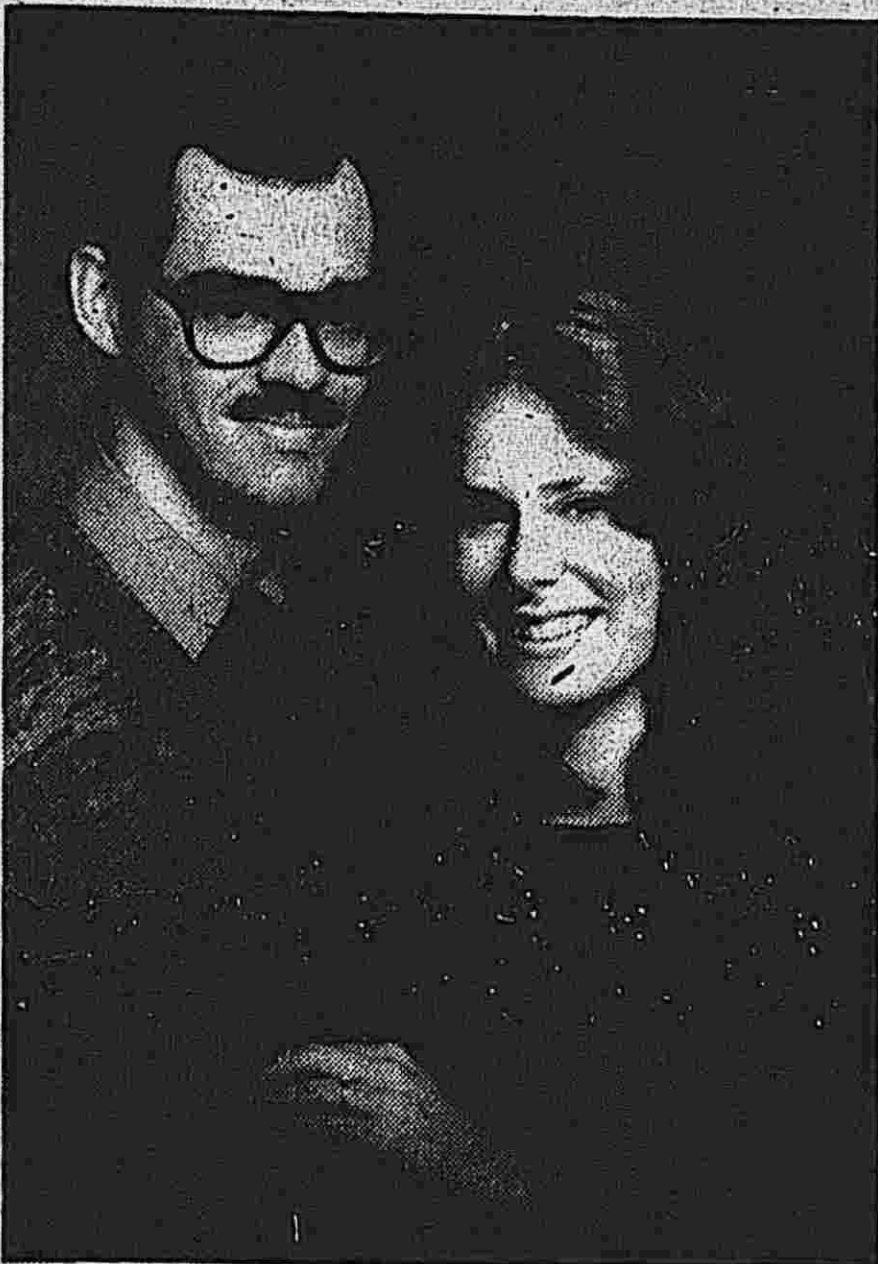

They also know about good resorts and hotels that cater primarily to European vacationers and charge much less than those geared to American travelers.

In dealing with a foreign travel agent, make sure he understands that you are interested in saving money and finding good bargains. You may have to convince him that you don't fit the stereotype many Europeans have of free-spending Americans. They know their country like you know yours; so why not stop in and ask a few questions?

So what do you have to lose? Nothing! Great advice: use foreign travel agents while abroad.

Boy Scout leaders seek financial support

Antioch businessmen and other individuals are being asked to help support the 1977 program of the Boy Scouts of America.

"It is my privilege to again contact the people of Antioch on behalf of the Boy Scouts regarding contributions," said William H. Groeninger, finance chairman of the Northeast Illinois Council of the Boy Scouts of America.

"We are proud to offer programs and activities that help keep our youth off the streets and to prepare them to be tomorrow's leaders. Without the support of sustaining members many of our activities would be curtailed or even dropped," Groeninger said.

"As an independent community organization, Boy Scouting must turn to its community for support. That is why you and others in the Antioch

area are being asked to support our 'sustaining membership enrollment' so that its programs and services to Antioch might be continued and improved," he added.

Friday and Saturday: it's 'Showboat 77' at ACHS

Final preparations for the musical variety show,
"Showboat 77," are being made by the Antioch
High School Jazz Ensemble.

"This is the third year the ensemble has staged
a variety show and it promises to be the best yet,"
said Director John Olisar.

The 7:30 p.m. Friday and Saturday show is set in
the romantic era of the stately side-wheelers. As
the lights dim, the audience is transported to a
lonely wharf in New Orleans. In the distance a
marching band is heard and, suddenly, the wharf
is full of townspeople waiting in eager anticipation
for the arrival of the greatest showboat of all,
"The Robert E. Lee."

New Orleans is most noted for its creation of a
musical style called jazz. The school's Jazz
Ensemble will open the show with Carole King's
"Jazzman." It will also perform "A Fifth of

Beethoven" and a number which depicts a revival
meeting by the river called "Make a Joyful
Noise."

THERE ARE FOUR dance numbers in this
year's show. Sheila Haley and Jamie Grunwald
will dance to a famous river song, "Old Dan
Tucker." Lynn Mitchell performs a solo dance to
"Nadia's Theme." Barrie Kovach, Sherry Irmien,
Gloria Wells and Ingrid Lindberg dance to
"Mississippi Mud," and the modern dance group
will perform "Basin Street Blues."

The ACHS Swing Choir will be represented with
"Cry Me a River" and "Moon River."

Two vocal soloists will perform. Mike Wudtke
will sing "Old Man River" and Andrea Kleban will
sing "Feelings."

TO CLOSE THE SHOW the Jazz Ensemble will
play "Stoney End," a song made famous by
Barbara Streisand.

Tickets can be obtained from band students or at
the door in a limited number.

All tickets are payable at the door: \$2 for adults,
\$1 for students.

The show starts at 7:30 p.m. Friday and
Saturday in the ACHS auditorium.

CITIZENS' ACTION PARTY

Concerned About People

CITIZEN ACTION PARTY candidates for village trustee (left to right) Ron Cunningham, Bill Seemann and Don Amundsen, discuss the village of Antioch's sidewalk program.

CAP promises continued street, sidewalk work

The Citizens' Action Party, campaigning for Antioch's Tuesday, Apr. 19, election, has pledged "continued upgrading of streets and sidewalks."

The party is headed by Michael J. Haley, candidate for mayor.

The "CAP" also includes Shirley Gutowski, candidate for village clerk, and four candidates for village trustee: William H. Seemann, Donald H. Amundsen, Ronald J. Cunningham and Judith Phillips.

HALEY HAS THREE opponents in the race for mayor: J. Irving Walsh, Raymond P. Toft and Henry J. Gillman Jr.

Mrs. Gutowski, the village treasurer, is running against the incumbent village clerk, Marilyn Sterbenz.

Seemann and Cunningham are incumbent trustees seeking new three-year terms. Amundsen, chairman of Antioch's zoning board of appeals, also is seeking a three-year term as a village trustee.

Their opponents are Daniel J. Kasik and Vern (Barney) Barnstable.

Mrs. Phillips is running for a two-year term and is opposed by Edgar Simonsen.

THE ONLY CAMPAIGN statement received this week came from the Citizens' Action Party. It said:

"The Citizens' Action Party will continue the street resurfacing and sidewalk installation program initiated under Mayor Robert Wilton. In the past four years most of the streets in the village have been resurfaced and the streets that still need resurfacing are undergoing storm sewer work in preparation for new surface.

"The long-needed sidewalk on North Ave. has become a reality in the last year and now, finally, the people in the Oakwood Knolls area (and especially the children riding bicycles) no longer must walk and ride in the busy street in order to get to the downtown service area, the library, the swimming pool, or the Little League fields."

"The Citizens' Action Party pledges to work with the township board and School District 34 in the hope that, together, we can finance a much-needed sidewalk from the residential areas of the community to the Upper Grade School, and thus eliminate a dangerous situation of children walking in the street on their way to school," the CAP statement continued.

"The Citizens' Action Party believes that if we can stop just one accident involving a child on the way to school, or any other activity, then as elected officials we have the responsibility to do everything possible to supply good safe walkways," the statement concluded.

Grade School Band set for Mar. 26 contest

By BONNIE BORLA

The Antioch Grade School Band Parents Association congratulated all band students who entered the solo and ensemble contest at Wonder Lake.

We wish the band good luck in the district band contest in Wauconda Saturday, Mar. 26. We know all will be working hard to bring home a first.

THE SENIOR BAND has been invited to march in the Blossom Festival Parade in Benton Harbor, Mich. Saturday, May 21. They plan to make an overnight trip to Benton Harbor for this event, during which they will hold their senior band banquet.

When they go to Benton Harbor for the parade there will be a new

addition to the band: 16 flag carriers with the new green and white flags purchased by the band parents. Sixteen junior band members will be chosen next week in an audition for flag carriers. Those selected will make their own skirts and buy a white blouse, similar to the present rifle carriers' outfits.

AT THIS MONTH'S meeting, the band parents authorized the purchase of a mixer for the recording system. This will help Larry Wagner make better recordings of the band. We also are purchasing percussion instruments for Sharon Higus and ordering graduation pins for the outgoing students.

Due to conflicting schedules, the next band parents meeting will be Wednesday night, Apr. 6 at the Upper Grade School.

PERSPECTIVES

How to kill your mate and not be accused of murder!

By CRAIG MASSEY
Moody Bible Institute, Chicago

Every home is a little world in itself; God has ordained that this be the center of activities for the family. The success of the home depends on the ability of the people in it to harmonize with one another, but this harmony is always threatened by the subtle invasion of little things. At least these things are little when they first enter, but like termites, they threaten to destroy.

Sometimes these vicious divisions spill over into public places. Have you ever heard a wife in a social gathering change the tone of her voice when she speaks to her husband? Have you ever noticed a husband who ignores his wife completely when others are around, never looking at her or speaking to her? Have you ever noticed a couple who are constantly correcting one another? If these things are obvious in social gatherings, it may be assured that the home is in chaos.

There are those who assume that couples are going to have troubles and that it is the normal thing. This may be so, but it does not have to be this way. Husbands and wives soon learn how to hurt one another, how to aggravate, how to frustrate. Satan offers many vicious weapons to be used. At times some husbands and wives do not realize what they are doing to one another until the explosion comes.

Some of the weapons used in these conflicts are defensive, others are extremely offensive, and we have met those who are polished experts in their use. Compare your mate to someone else.

"I wish sometime," a husband

might say, "you would check with my mother and find out what she does to make her coffee so good. Yours is always so bitter."

A wife might say, "You could take a few lessons from John. He's so polite. He always opens the car door for Myrtle, and he's so attentive, so masculine!"

You married your mate for what he or she is, so accept him or her.

Be Indifferent

This weapon can be used in many ways. One of the most typical is the mate's habit of nodding, or saying, "Uh huh," while not paying any attention. Some men say that their wives talk too much, not knowing that the reason is they are not listening to what is being said, and their wives are attempting to be heard.

Often a mate will make a suggestion that is completely ignored. When this is pointed out the excuse is given, "Oh, I forgot," or "You never said that."

Marriage is a partnership and both members should be extremely sensitive to each others' thoughts and ideas.

Talk about your mate to other people

Many men go to work in the morning and discuss their wives with their fellow workers; not in praise but in criticism. It is in such conversations that we hear phrases like, "The little woman," "The battleaxe," "My old lady." Women are just as guilty when they gather over coffee, seemingly trying to outdo one another in degrading their husbands.

What good does it do to talk to others about personal problems? Let family secrets remain family secrets.

Epidemic strikes!

By BETSY ROSSEN

In recent months we have heard and read much about alarming illnesses — "swine" flu and "Legionnaires" disease have been prominent among them.

As if these maladies do not pose enough of a problem, a new epidemic threatens to wreak havoc among us.

FIRST REPORTS from spokesmen (otherwise known as big wheels) indicate the annual seige may be even more serious than usual. The severity of this winter is seen as a major cause.

Unlike diseases such as chicken pox or the mumps, this new ailment, technically known as acute Aprilitis, may be transmitted to others at any time during or after one's own affliction.

SEVERAL CASES were reported this week in the Antioch area. Again, the harshness of winter is blamed for the early onslaught. Another contributing factor is the unseasonably warm weather this week; the fever seems to be rising with the mercury.

As yet no permanent cure has been found, but indications are most victims prefer self-treatment. Anything to avoid being cooped up.

Preventive medicine also seems powerless; alas, acute Aprilitis is inevitable.

MUCH ANGUISH can be averted by recognition of a few simple

danger signals:

1. A marked shortening of the attention span.
2. A moving of the eyes toward any open window.
3. A growing frustration with anything requiring a little too much concentration.
4. The sudden thought: "If I have to wear this winter jacket one more day, I'll tie the sleeves in a square knot!"
5. A driving urge to open doors, be outside and take refreshingly deep breaths.
6. A new-found fascination with television coverage of tennis and golf, followed by a mad rummage through boots and wool scarves to find racket and clubs in the hall closet.
7. The realization you're gleefully walking coatless down the street in weather you considered freezing last October.
8. The re-discovery that your car windows really do roll down.
9. Infatuation with the following words: "greenery," "budding," "blossom," "haw," "kite," "tulip," and "day off."
10. Absentmindedness. This is closely related to the first three points.

I HAD A FEW more points to mention, but I can't seem to remember them. I had to leave the office for a while. I recently appointed myself to check on the progress of local crocuses.

Wow, I think I've got it bad, doc.

St. Peter's wins own tourney

It was a happy group of youngsters Saturday night in St. Peter's gym as the 7th grade basketball team took first place in its own tournament.

The team also ended up in second place in the conference.

The tournament ran all last week.

Reed Ano and Bob Huebner wound up their sixth year of coaching at St. Peter's. The school holds many trophies as a result of their hours of training the young athletes.

"A lot of these young boys go on into the high school leagues," the coaches noted.

DON ANDERSON, new manager of the Antioch H&R Block franchise, is welcomed to the Orchard Shopping Plaza by Lucille Boucos of Sears Roebuck & Co. The tax preparation facilities are open in the Sears store during regular store hours.

at home. His constituency is in London, not Africa.

To the presidents of the so-called "frontline" black states bordering Rhodesia, "majority rule" for their neighbor means dominance of that land by one or another of the nationalist cliques, preferably the one that will be the most friendly trading partner and most docile feudal lord. The leaders of these "front line" states are of course not bothered by anything such as "majority rule" in their own countries, a fact never mentioned by American liberals.

In a spirit of neighborliness, while they await "majority rule," the front line states are happy to harbor terrorists and murderers of nuns and priests.

NOW, IN THE ABSENCE of any constructive

proposals from the nationalists, Smith has proposed to his country far-reaching reforms designed to speed it toward genuine majority rule.

Among these would be relaxation of severe restrictions on black property ownership and dropping of many segregation laws. Not the whole ballgame, but a beginning.

The more moderate black leaders, such as Bishop Abel Murozowa, are taking a careful wait-and-see attitude, rather than jumping all over Smith, as the hotheads are doing.

In the surge of high voltage rhetoric by the left, and in the torrent of glib clichés in the news media, it is forgotten that Ian Smith had already agreed to a two-year transition to black dominance, in the aftermath of Henry Kissinger's shuttle work last September.

IT'S NO SECRET THAT I have said some critical things about the works of the former Secretary of State in the past. But, in this case I think he crafted as even-handed a potential agreement as could have been hoped for. He worked it out, not with Smith, but with the British and the African nationalists. He then presented it to Smith, who accepted it.

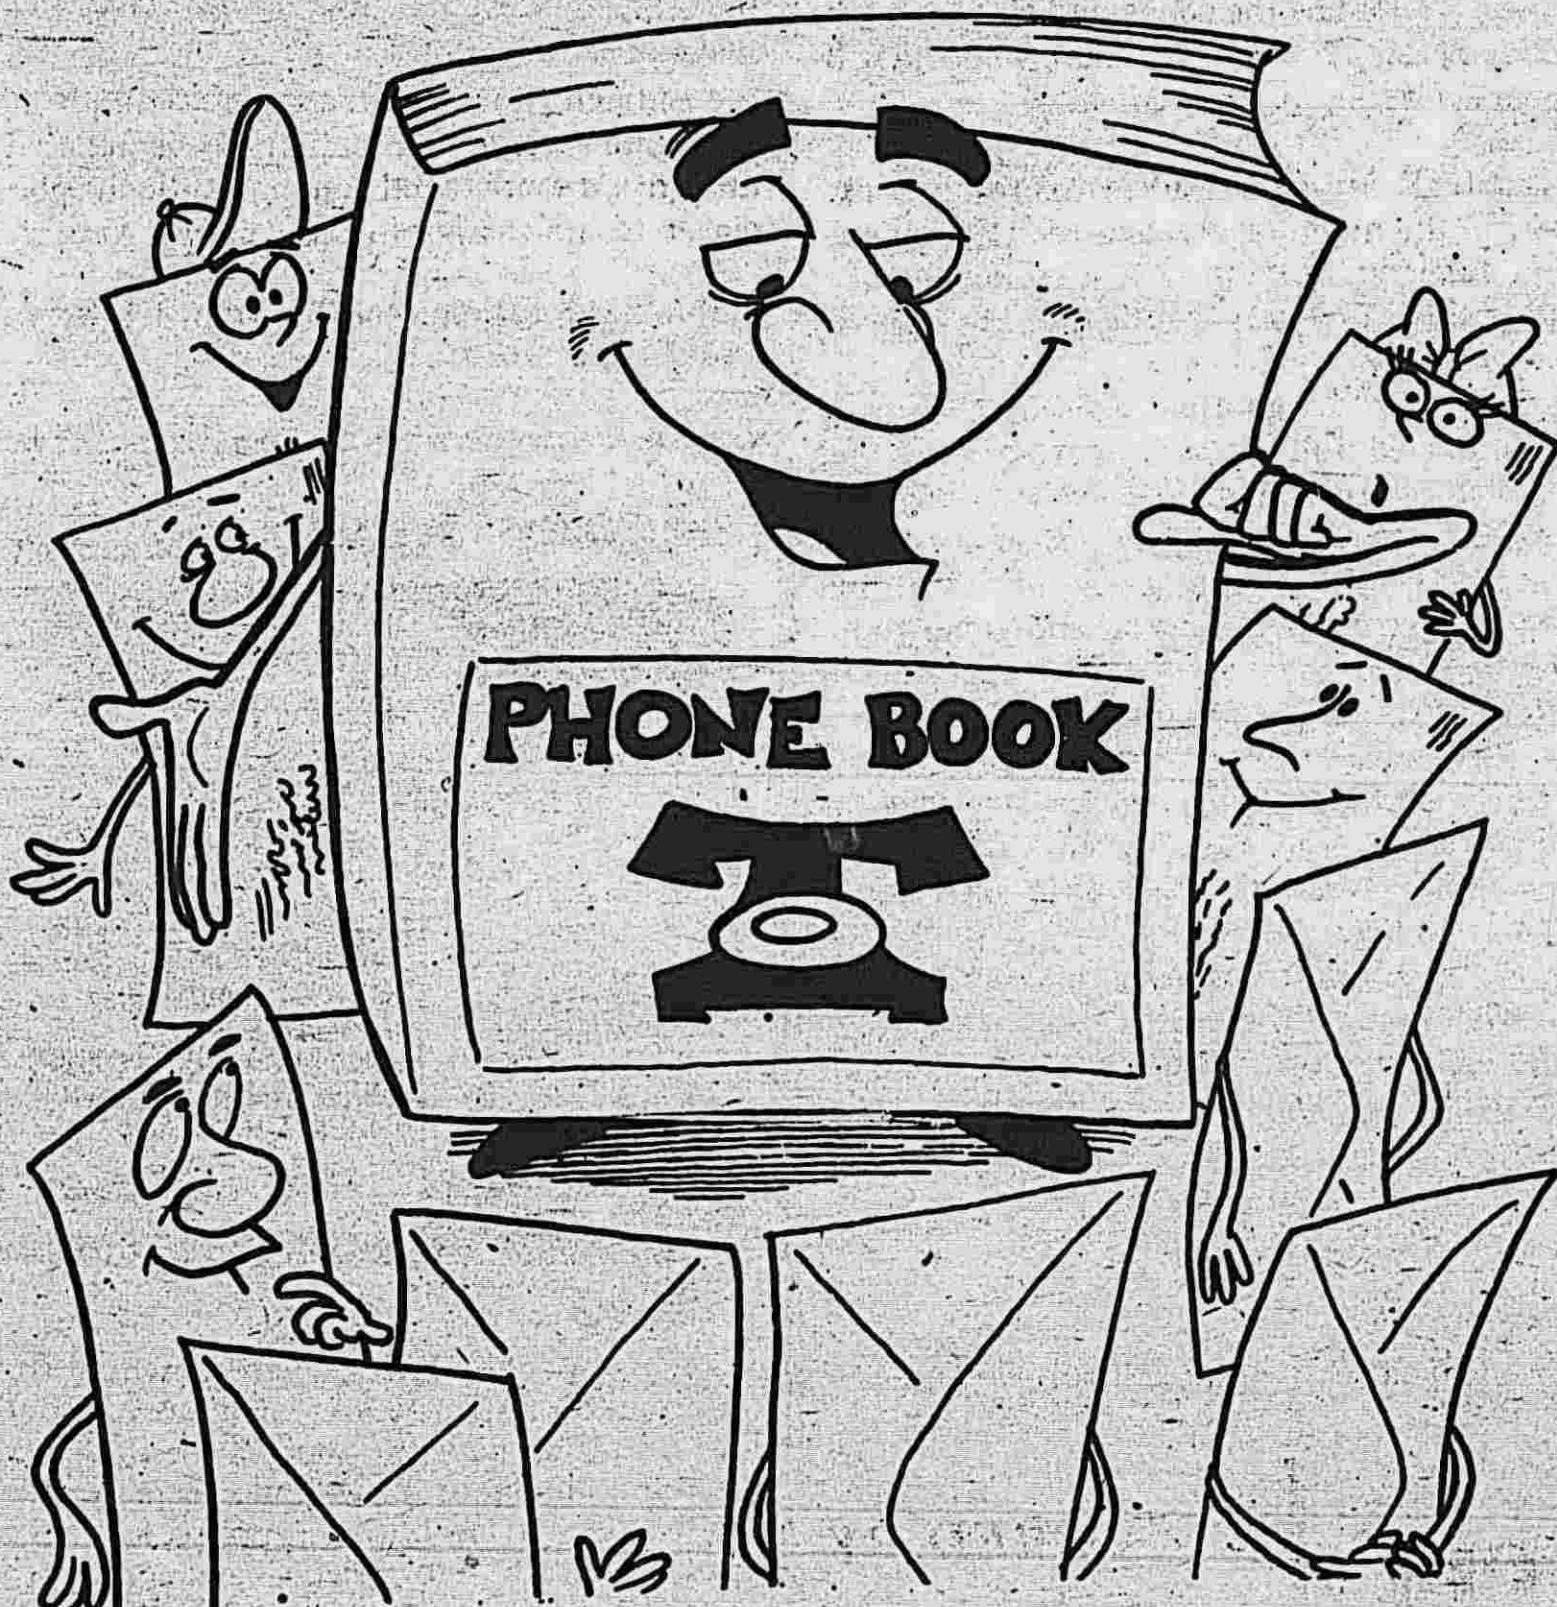

But a funny thing happened on the way to Geneva. The Soviets woke up to the fact that this could lead to representative democracy in Rhodesia, thus depriving them of their drive-to-the-south.

So, they cranked up their formidable propaganda apparatus and their money machine and did their best to derail the talks. It happened. The previously agreeable black nationalists became intractable. Smith could say nothing right. Ivor Richards wrung his hands. The talks collapsed.

People 60 years of age and older may choose from several locations each month. Although the program is offered without charge, those wishing to enroll must pre-register by phone and should attend all three sessions at one of the locations.

Locations and dates are: Trinity Lutheran Church, Waukegan, Mar. 11, 18 and 25; Zion Leisure Center, Mar. 8, 15 and 22; and Great Lakes Savings and Loan in Lake Zurich, Mar. 22, 29 and Apr. 5.

"MARRIAGE HAS changed over the years and often the expectations that one partner has are different from those of the other," said David Ross, CLC counselor. Ross and his wife, Cheryl, will teach a six-week course called "Planning for Marriage" at the College of Lake County beginning Thursday, Mar. 24 from 7 to 9 p.m.

The course (CED 700-001), which is open to couples only, is geared to help those anticipating marriage to explore their own and their partner's expectations of marriage, of themselves and of their spouses.

The course will include sessions on understanding relationships: male and female roles;

The course will include sessions on understanding relationships: male and female roles; "Scripting" for marriage; expressing feelings and resolving conflicts; birth control, sex and expectations from a partner.

Mr. Massey has also written 45 books, innumerable articles and short stories. He is currently authoring a book for Moody Press dealing with the home and family living.

A SEMINAR FEE is not charged; however, free-will offerings will be taken.

Registration is limited to 300. You may register by calling 312-395-4117 before Sunday, Mar. 20.

Along the way with ANNIE MAE

"Rinks," the five-year-old son of Antioch News staffer Erlené Pearce, came up with the perfect addition to our paper last week:

"What's this?" his mom asked. "It's a crossword puzzle," he replied. "I'll give you the answer next week."

SPEAKING OF ARTWORK, how do you like the new logo design for our "Pausing" column? Roger Rossen 15, was the creative artist on that project.

PAT TURNER of the Art Center at Lakeview Place-North has opened a new shop in Unfinished Business unfinished furniture store, Rt. 83 and North Ave.

She will be handling picture frames, pottery, paintings and prints.

NICE TO KNOW Walt Delaney's retirement party was a success last Wednesday evening at Steve's Lounge.

He was Antioch's building inspector the past 10 years and his fellow employees plus village officials wanted to show their appreciation. And to make their thanks a little more tangible, they presented him with a new portable television.

The guest count was about 50, including his wife, Maria, and children Karen and Walter Jr.

DON'T FORGET the square dance at 8:30 p.m. this Friday at the Antioch Lower Grade School. The caller, Zenous Morgan, was chosen by Pres. Carter to call for the inaugural square dance.

Even if you're not a dancer, you're welcome to

come and observe as this unique caller puts the dancers through their paces.

HEAR TELL there was a great turnout at Val & Dale's Ahoy Mate Resort last Saturday. Mickey Gracyas, appearing with The Sledge, had the ladies swooning.

The reason? He has the songs and singing style of ol' Elvis Presley. Look for the date when he will be appearing again at Ahoy Mate.

WE SALUTE Antioch resident Lorraine Cerk, volunteer of the month at Winchester Retirement House in Libertyville. She's been giving up her lunch hour three days a week for the past year to help and cheer the residents.

She's active in St. Ignatius' Episcopal Church and is employed full-time as secretary to the director of the Lake County Forest Preserve.

While we're on the subject of secretaries, I'll mention that Mary Matteoni of Century 21-Michael Warren & Co. had an enjoyable time (even served as a model!) at a secretarial seminar recently in Elmhurst.

BELATED BIRTHDAY greetings are sent to Christopher Kelly, who was 3 on the 4th. And we hope yesterday was a happy day for Sandy Herbert's birthday.

Kevin Kelly will be celebrating his day on the 13th—we wish him all the best.

And fly out to buy a card for Bill Durell's birthday today.

Funds granted

The Lake County Health Department has received a \$146,444 grant award. The grant was awarded under the "Innovations in Ambulatory Care" project of the Hospital Research and Educational Trust, an affiliate of the American Hospital Association. The W.K. Kellogg Foundation, Battle Creek, Mich., funded the project.

DR. STEVEN R. POTSIC, executive director of the health department, explained northwestern Lake County has been identified as critical medical shortage area that needs additional ambulatory primary care services. The objective of the health department's project, therefore, is to establish facility that can attract physicians and other allied health-related personnel to serve in the critical health areas.

Through this grant, which begins July 1, it is planned to make accessible the full range of primary care to an additional 7,200 individuals, especially to families that have a difficult time obtaining medical care because of low income.

A CLINIC BUILDING has already been purchased in Ingleside by the Lake County Board using Housing and Urban Development funds. Another \$30,000 is being made available for the remodeling of the building.

BOY SCOUT Troop 92 of Antioch had a real treat recently.

Twenty Scouts and their leaders had a tour of WRKR-FM in Racine, Wis. They even were taken by pairs into the broadcasting booth to announce current news and weather. Then imagine listeners' surprise to hear all the Scouts announce they like WRKR because it plays the kind of music they like!

MONDAY MORNING was made brighter for us -- got a chance to chat with Bernice Clark. The former Antioch resident, who was visiting with friends here, now lives in Wautoma, Wis.

She told us about her daughter Gail's wedding Feb. 19 to Michael Ludtke. Mike's from Plainfield, Wis. and is now stationed with the Navy in Norfolk, Va.

Bernice used to work for the Antioch News with the Gastons. She also sends greetings from her mother and hubby Arland.

SURE DO APPRECIATE letters like this one from Sue Hawkinson in Minnesota to Annie Mae:

"I'm a former resident of Antioch -- my parents were Hester and George Garland (Mom taught in the Antioch school system for 30 years) and we lived on Victoria St. Since I'm now a St. Paulite, the Antioch News is a treasured tie with 'home.' and I do enjoy your column especially. I just thought I'd write to tell you that Antioch is brought closer to me thanks to the Antioch News."

Thanks for all your encouragement! See ya next week!

ANSWER

TRUE under the laws of Illinois, where the deceased was a resident of Illinois and all of his property was located in the state. But a slight change in facts could have lawyers knee-deep in law books. Suppose, for example, the wealthy man lived six months each year in Illinois and six months in another state with a different law.

This feature presents legal principles and problems. It should not be taken as a legal opinion or advice, which can be given only by an attorney after considering all relevant facts and circumstances.

Sophomore basketball team 15-1 in league

The Antioch High School sophomore basketball team ended its season in championship form exploding for 47 second-half points to rout the Blue Streaks of Woodstock 75-45.

After suffering their only conference defeat of the season the previous week against Grant, the young Sequoits were ready to play and their aggressive full-court press caused numerous Woodstock errors.

Mike Lischewski took scoring honors with 25

points, while point-man Dave Gutowski dished off 10 assists.

THE ANTIOCH SOPHOMORES won their conference title with a 15-1 record, including a string of 14 victories in a row. On the season, the Sequoit sophs finished with a record of 19 wins and only 5 losses. Antioch also notched a third place finish in the Zion-Benton Christmas tournament. Lischewski was the season scoring leader with

an impressive 18.2 points per game. Scott Gallagher finished with an 8.5 average, followed by Bill Ranker with 7 points a game.

Dave Gutowski, scoring 5.5 points a game, also hit the century mark in assists with a season total of 100.

Roger Korjenek was the top marksman from the free throw line, hitting 37 of 49 attempts.

Lischewski, Chris Oddsen and Ranker topped the Sequoit rebounding.

THE MEMBERS of the Antioch championship sophomore team were Roger Plechaty, Chuck Gleason, Dave Gutowski, Scott Gallagher, Dan Crichton, Bill Ranker, Rob Nauman, Greg Bodin, Mike Lischewski, Pete Ploss, Kevin Walsh, Roger Korjenek, Bob Sertic, Pat Sikorski, Chris Oddsen and manager Charlie Schrieber.

Rezin wins intramural tournaments

Antioch High School's winter intramural program operated this year on Tuesdays and Thursdays from Jan. 18 through Feb. 17.

Activities included table tennis, handball and weight lifting for the 52 students who participated in the program.

About 42 students took part on a daily basis in two tournaments. A junior, Keith Rezin, won both of the table tennis and handball tournaments.

He defeated the second place runners-up in table tennis: senior Terry O'Brien, and in handball, sophomore Rich Bigham.

The next after-school intramural program will run in the spring for all interested students. The program was supervised by faculty member Steve Scott.

Tim Mieure star of Hamline team

When the basketball team from Hamline University in St. Paul, Minn., traveled to the NCAA Division III playoffs in Rock Island last weekend, Antioch was represented by former high school star Tim Mieure.

A 5'9" SENIOR, Mieure was a starting guard for the Hamline Pipers and responsible for directing the man-to-man defense on the court. Hamline led the NCAA Division III in scoring defense, allowing

just 51.4 points per game, and finished the regular season with a 19-6 record.

Mieure's specialty is sinking free throws, earning the national free throw champion title last year by hitting 88 of 95 attempts. His average was down slightly this year, but he still led the team and connected on more than 81 percent.

MIEURE IS A dean's list physical education major at Hamline, a four-year liberal arts college.

It was a great moment in sports in 1973 when Gordie Howe made his comeback as a member of the Houston ice-hockey team. During his illustrious 25-year career with the Detroit Red Wings he scored more goals (786), more assists (1,023) and more total points (1,809) than anyone else.

Round Lake shocks Antioch in tournament

Antioch High's basketball season came to a surprisingly abrupt halt last Wednesday night when Round Lake's Panthers upset the Sequoits 48-46 in the regional tournament here.

And then the real shocker came in Friday night's finals when Round Lake, a team with a 10-16 record, stunned Mundelein 63-57.

Mundelein had entered the game with a winning record and was the heavy favorite to win the regional.

But, now it's Round Lake that goes to the sectional in Rockford. The Panthers, unfortunately, are expected to be trounced in their opening game when they play

Barrington, which has a 24-3 record.

THE ANTIOCH-ROUND LAKE game was close throughout, but Round Lake held the upper hand most of the time.

Poor shooting once again hurt Antioch's attack. The Sequoits hit on only 3 of their 12 shots in the first quarter and fell behind 13-7.

Antioch fought back valiantly the entire game but everything the team tried seemed to end up the wrong way.

Finally, in the fourth quarter, the Sequoits seized a 46-42 lead on a fine three-point play by Tracy Sodman. But, alas, the team went

cold again ... missing its last seven shots.

Two costly Antioch turnovers in the last 20 seconds gave Round Lake the victory. Gabe Orłowski of Round Lake stole the ball and drove in from mid-floor to give his team the 48-46 win with one second remaining.

Antioch had beaten Round Lake in two previous games this winter. The Sequoits, a team mostly composed of juniors who should be a lot tougher next year, closed the 1976-77 campaign with a 10-16 record.

AGAINST ROUND LAKE in the regional, the Sequoits made only 30 percent of their 53 field goal

attempts. Round Lake had only 50 shots but made 44 percent of them.

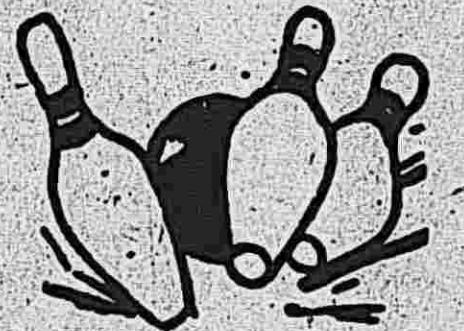

Bill Dubek led Antioch in scoring again with 18 points. Sodman scored 13 points and collected 12 rebounds. Tom Huebner, a reserve, was sharp from the free throw line (5 out of 6) and finished with 9 points.

"The loss was a very bitter and disappointing one," said Roger Andrews, Antioch's coach. "But our young Sequoits learned from this game. It should make them much more hungry next year."

In the north division of their conference, the Sequoits finished third this year with a 7-9 record. Grant won the title. Dubek and Brian Andrews were all-conference selections.

BOWLING

Ann Pfarr, of all people, wins basketball contest

Fortunately, there is nothing in the rules of the Antioch News basketball contest that says members of employees' families can't win.

Fifteen-year-old Ann Pfarr was the winner last week when she picked Round Lake to beat Antioch in the "game of the week."

Ann, the daughter of Antioch News publisher Jerry Pfarr, forecast a four-point victory for Round Lake. Then she accurately predicted that Round Lake would beat Mundelein in the championship game by six points.

She will receive a \$15 check from Pedersen Bros. Implement Co. It was the first time this year that Ann

entered the contest.

"It isn't my fault. She just happens to be brilliant," said her father.

MANY PEOPLE ENTERED the contest but, of course, only a few forecast Round Lake's upset over Antioch.

Neal Lulofs of 591 Garys Drive also picked Round Lake to beat Antioch by four points, but he picked Mundelein by nine in the finals. Neal will receive second prize, a \$10 guest certificate from Andre's Steak House in Richmond.

Bernie Gutowski won third prize, a \$5 gift certificate from BJ's Fashions for Men or BJ's Closet. He picked Round Lake over Antioch by six points.

THAT ENDS THE CONTEST for this season. All prizes won in recent weeks will be in the mail within the next few days.

Tough game, but Emmons wins

Emmons school's 8th grade basketball team had a surprisingly tough game in the Big Six tournament conference championship game with Newport's Braves.

The Emmons Raiders had downed the Braves easily in regular season play by margins of 33 and 22 points.

But in the tournament, Emmons struggled to a 10-point margin with a minute remaining and, with the second string playing out the clock, concluded the season with a 49-43 triumph.

CAPTAIN DEE MARAS led the Raiders with 20 points and dominated the boards at both ends of the court. Maras grabbed 15 rebounds to lead all players, and shot 10 of 17 from the field. Pete Weber added assistance from his forward position with five rebounds and 12 points.

After jumping to a 10-0 lead, Emmons closed the first stanza ahead 10-3. During the second quarter the Raiders were outscored in the first four minutes 12-4, Newport taking a 15-14 lead. Weber and Maras each hit a basket in the final minute of play for an 18-17 intermission lead.

THE SECOND HALF remained close until 3:25 remained in the game and Emmons collected eight unanswered points to pull to a 49-39 win.

Although pleased with the victory, Coach Mike Mitchell said:

"We didn't play with much intensity, but it's tough to be up after winning big as we did earlier in the season."

Antioch freshmen post fine records

Antioch's freshman basketball team completed another successful season in 1976-77.

The "A" team record overall was 13 wins and 8 losses. In the conference Antioch finished second with a 11-5 record.

Three of the losses were by three points or less and the young Sequoits were the only team to defeat league-leader Grant.

TEAM STATISTICS SHOW Antioch averaged 45.9 points a game and opponents averaged 43.6. In the 16 conference games, Antioch averaged 48.5 and opponents 43.7.

Shooting percentages were 40 percent on field goals and 49 percent on free throws. The team also averaged 16 turnovers, 33 rebounds and 9 assists per game.

INDIVIDUAL STATISTICAL LEADERS were:

The telephone is the greatest nuisance among conveniences, the greatest convenience among nuisances.

Field goal attempts, Kurt Selak with 177; field goals made, Selak with 79; field goal percentage, Jim Wiese with 51 percent; free throw attempts, Denis Flaschner with 82; free throws made, Flaschner with 48; free throw percentage, Bill Strahan with 65 percent; total points, Flaschner

Letter from Washington

by Senator Charles H. Percy

Energy conservation has been called "slow-growth" economics by its critics; its supporters have hailed it as the only way to save our way of life. In fact, saving energy is the most compelling challenge for Americans today.

The natural gas shortage this winter and the Arab oil embargo in 1973 brought the energy crisis to the forefront. Individual consumers felt the impact directly. Between those two events, we ignored the energy problem at our own peril.

But there is no avoiding the problem now. We are at the crossroads. In January of this year, for the first time, we imported 51 per cent of the oil burned in America. Americans have been greedy with the world's energy supply. West Germany is a good example of a country that has flourished and still conserves energy. Germans enjoy a standard of living comparable to ours, but they use energy 50 per cent more effectively than we do.

The natural gas shortage this winter has taken its toll on us all, although Illinois fared better than some other states. But, we must realize that the energy crisis is here to stay and must be confronted.

New energy sources such as solar power, clean-burning coal and fusion should still be developed, but they cannot relieve our energy problem for years to come.

The best solution—today and in the long run—is conservation. We can tap a new energy source—"conservation energy"—that can reduce our dependence on expensive foreign oil and dwindling domestic supplies.

eign oil and dwindling domestic supplies.

"Conservation energy" is the energy gained by replacement of wasteful habits and technology with more efficient ones in our daily lives. The equivalent of about 16 million barrels of oil a day can be "produced" through "conservation energy" by 1985.

Senator Hubert Humphrey and I have launched a private, non-profit organization called the Alliance to Save Energy (ASE) which will promote "conservation energy" as an alternate source.

Former President Gerald Ford and Vice President Walter Mondale will serve as Honorary Chairmen. Dr. James Schlesinger will serve as the Honorary Advisory and Dr. Henry Kissinger will serve as the Chairman of the Advisory Board.

The activities of ASE will be determined by a Board of Directors in consultation with an Advisory Board. The Board of Directors will elect an Executive Committee from their members to implement policy. The Advisory Board will be made up of individuals from all sectors of American life. It will also include 10 regional Chairpersons, coinciding with the 10 federal regions, who will oversee the programs of the 50 State Chairpersons.

Energy conservation must become a way of life for all Americans. It is a time for all of us to join together to work toward a common goal and as Senator Humphrey once said: "If there ever was one program around which we can have a united alliance, it is to save energy."
